Public Utility Commission of Texas

Memorandum

TO: All parties interested in the PUC Appointment of Texas Energy Reliability Council members

FROM: Thomas Gleeson, Executive Director

DATE: September 30, 2021

RE: Project 52557, Instructions for Expressing Interest in Texas Energy Reliability Council Appointment

On September 23, 2021, the commission voted to delegate authority to me to appoint the first PUC-appointed members of the Texas Energy Reliability Council. The order delegating that authority was filed yesterday, September 29, 2021. I am filing this memorandum to finalize my instructions for expressing interest in appointment to the Council. These instructions have not changed from the interim instructions filed on September 17, 2021, except to extend the deadline to 2pm, October 1, 2021. Individuals who have already filed the required information to express interest in appointment to the Council need not re-file.

Each individual expressing interest in appointment to the Council should file the following in Project 52557:

- A letter of interest containing the following information: A statement that the individual is interested in and able to perform the duties associated with membership on the Council; a description of the position or positions the individual would be willing and able to fill; and a summary of the individual's qualifications specific to the Council position.
- A resume.
- At least one letter of support for the candidate's appointment to the Council position from someone with a connection to the energy industry in Texas.
- Any other information the candidate believes is relevant to the decision.

Please file the information in PUC Project 52557 by 2pm on October 1, 2021.
